[Overview] Shibuya City Partnership Certificate

Shibuya City has revised the “Shibuya City Ordinance to Promote a Society in which Respects Human Rights and Eliminates Discrimination” (the “Ordinance”) in 2024. With this ordinance, Shibuya seeks to realize “A Discrimination-free Society that Respects Diverse Individuals.” The ordinance is based on the principle of respect for human rights that there should be no discrimination of any kind and aims to realize a society in which everyone is equally respected as an individual, can choose diverse ways of life on their own will and responsibility and can participate in all fields as an equal member of society.

This partnership certificate defines the social and living relationship between two people as a “Partnership” if such relationship is substantially equivalent to a civil law marriage, and confirms and certifies the Partnership under the Ordinance, although it will not be treated as the same as a civil law marriage.

※Starting from April 2024, couples with different legal sex on their family registries will also be able to use this service.

To the residents and the local business

In order to develop a city that respects human rights, it is essential to create a society in which all people living in Shibuya City can fully express their personality and ability without regard to gender identity, share their social responsibilities, and participate in all fields.

We request the residents and the local business to understand the purpose of this system and to make maximum efforts to give consideration to the Partnership Certificates in their social and business activities. We would also like to request that business offices and offices of public organizations in the city, in providing their services, sufficiently respect the Partnership Certificates and provide their services fairly and appropriately.

Obligations

- To submit a Report for the Return of Shibuya City Partnership Certificate and return the certificate if one or both of the parties moved out of Shibuya City (except when one party temporarily transfers his/her address from within Shibuya City due to unavoidable circumstances such as job transfer or assisting a relative with health issues), or he/she dies
- To submit a Report of Dissolution of Shibuya City Partnership Certificate and return the certificate (either by one party or together) if the partnership is dissolved
- When the city mayor finds that he/she used the certificate for an inappropriate purpose, the certification is revoked and must be returned.

2 Notarial Instruments Required

① Notarial instrument of voluntary guardianship contracts

Prepare two instruments under which parties mutually designate the other as a voluntary guardian.

※ A voluntary guardianship contract, based on the Act on Voluntary Guardianship Contracts, aims to protect the life of a person under a voluntary guardianship contract, which grants the authority of representation to a voluntary guardianship mandatory (a "voluntary guardian" if contract becomes effective) in handling affairs related to the person's livelihood, medical treatment and nursing care, and management of property in the event that the person's ability to make proper judgments becomes impaired.

② Notarial instrument of an agreed contract

Prepare a notarial instrument specifying the following matters in cohabitation:

- The two persons are in a sincere relationship based on love and trust; and
- They shall cohabit, cooperate responsibly with each other in their cohabitation, and share the expenses necessary for them to cohabit.

※ Any other necessary items may be specified in addition to the above.

Special Rules

If one or both of the parties falls under any of ① to ④ under the proviso to Article 10(2) of the Ordinance, proof may be given in lieu of confirmation by a "notarial instrument of voluntary guardianship contract" by specifying the contents of (a) and (b) in the "notarial instrument of an agreed contract"

- If one party has entered into or intends to enter into a voluntary guardianship contract where a third party other than their partner is nominated as the voluntary guardianship mandatory, and the partner has given consent to this voluntary guardianship contract
- If one party has gender identity disorder and has not received a court ruling for change in recognition of gender status, and the couple has agreed to get married after the ruling is rendered
- If the party is still in the process of establishing their livelihood or property, and it is difficult to specify the scope of the authority of representation for the affairs to be entrusted to the voluntary guardianship mandatory.
- Where the Shibuya City mayor finds that there are reasonable grounds for the special rules to be applied.

- If the physical or mental ability of one of the couple deteriorates, the other person shall assist them in regard to the affairs concerning their daily life, medical treatment and nursing, and management of property to the extent possible, shall respect such person's intentions, and shall give necessary consideration to their mental and physical condition and living conditions;
- The parties shall prepare a notarial instrument of voluntary guardianship contracts promptly if it becomes necessary between the parties.
