Important Items Verification Form

⑧

The following is a list of important items for admission adjustment. Be sure to read each item and make a check mark (☑) to indicate that you understand them.

⑨

Applications in general

⑩

Understood

1	Upon submitting an application for my child to enter a nursery school, I will fully understand the "Shibuya City Admission Guidelines to Nursery School" before applying.
2	If a false application is made, your acceptance will be canceled.
3	A final decision will be rendered by the Admission Adjustment Council on requirements for the certification of payment, the admission adjustment index and various other matters pertaining to your application based on documents at the time of the deadline. Note that documents submitted after the deadline has passed will be factored into admission adjustment for the following month and beyond. You may submit a withdrawal notice until the application deadline.
4	For <u>non-work-related applications</u> : I understand the period of time that my child can attend nursery school. (See "Admission Guidelines to Nursery Schools," p. 18)
5	The nursery school enrollment application is valid only for the current fiscal year, so you must submit a new application for the following fiscal year. (For FY2026, the application remains valid for enrollment up to January 2027.) If you need proof that you are on the waiting list during the validity period, you must submit a request for inquiry on results of enrollment coordination for licensed nursery schools.

⑪

A Note on Documents for Submission

1	Documents for submission will not be accepted if they are inadequate. Note that documents, once submitted, cannot be returned. Please submit the documents after making copies on your end in advance.
2	Be sure to provide all necessary information in your application documents. Any circumstances not stated in the documents will not be considered.
3	Should you make overlapping applications with the same content, your most recent application will be treated as a notification for a change in nursery care.
4	I wrote my desired nursery schools in the order of preference and within my commuting range. (Up to seven certified nursery schools, integrated kindergarten and preschool facilities, or small-scale childcare facilities, and up to three municipal childcare rooms and home-visit childcare services)

⑫

A Note on Admission Adjustment

1	The adjustment index will be determined at the admission adjustment meeting based on the documents you submitted. Even if we have provided some prior explanation regarding the system or similar matters, we cannot guarantee what the final index will be.
2	If you apply for siblings at the same time and receive informal acceptance, you cannot decline acceptance for only one child. (This includes cases where the older child received informal acceptance in the first round for April enrollment and the younger child received informal acceptance in the second round.)
3	Children who receive informal acceptance in the first round for April enrollment are not eligible for a second round of admission adjustment for April enrollment. However, there are cases in which a child may receive informal acceptance for a certified nursery school in the second round even after receiving informal acceptance for a city childcare room or home-visit childcare service during the first round.
4	(1) Should your work and/or household situation differ between the time of your application and the time of your child's enrollment in a nursery school, your informal offer of and decision on admission may be

	rescinded. Ex.: You changed jobs from your place of employment at the time of your application/Your working hours after returning from childcare leave are considerably lower than those before taking that leave/You are found to be pregnant (2) If your situation changes after submitting your application in the manner described above, please submit the required documents immediately. If you do not submit those documents, your informal offer of and decision on admission may be rescinded.
5	Transferring to a new nursery school may be disadvantageous compared to new enrollments. ・ If the coordination score is the same, the admission adjustment for the child transferring will be conducted after new applications are considered. ・ Transferring from a nursery school for newborns to a nursery school for one-year-olds (only for transfers to a class for one-year-olds) and transferring to a nursery school attended by a sibling are considered the same as a new application.
6	If a grandparent under sixty-five years old is living in the same household on the desired date of enrollment, failure to submit documentation proving that the grandparent is unable to care for the child may reduce the score or be a disadvantage during the admission adjustment.
7	Inconsistent employment and income records may be a disadvantage during the admission adjustment (except during childcare leave). Notes: 1. Income records will be reviewed based on a comparison with the minimum wage in Tokyo. 2. If you are self-employed and cannot submit your most recent tax return or withholding tax statement, you must submit the following two documents to confirm your actual employment status: 1) a certified copy of registration, a notice of opening of business, a business license, etc.; and 2) documents that confirm your income for the last two to three months.
8	Even if you have been in your current job under six months, adjustment index no. 13 will be applied as long as the period between <u>the date you resigned from your previous job</u> and <u>the date you were hired for your current job</u> is not more than two months. Please note that this is limited to cases in which you have submitted documents clearly indicating the period of employment at your previous job.
9	If you are employed as a childcare worker or the like: I have confirmed the application form for priority admission for childcare workers, etc., and confirmed that my priority may be adjusted if I have the same score as a different applicant.
10	Should your index be identical, your priority will be adjusted based on the "Priority when index is identical" stated in the "Admission Guidelines to Nursery Schools," p. 17.
11	Depending on the condition of your child (condition including disabilities, illnesses, developmental delays or other concerns) the nursery school of admission and enrollment timing may be adjusted based on the status of the nursery school applied to. Please consider applying to multiple nursery schools as much as possible. Note if the above information is not provided at the time of application and is discovered after informal acceptance, acceptance may be rescinded. (This includes applications made prior to birth.)

Points to Note After You Receive a Provisional Admission Offer

1

If you move out of Shibuya City after enrollment, in general, your child is required to leave the nursery school he/she is enrolled in. If you wish to keep your child in the same nursery school, the period allowed will differ depending on the nursery school used, whether or not the parent/guardian works in Shibuya City, and other factors. (See “Admission Guidelines to Nursery Schools,” p. 25)

2

To help your child adjust to a new environment, childcare hours will be shortened for a while after enrollment (gradual entry). A gradual entry will also be provided to children who transfer from another nursery school.

3

Each nursery school determines childcare hours within its open hours. Childcare will be limited to the minimum hours necessary, based on the childcare requirements the approval certificate states. However, on days when a parent/guardian is available to care for the child (e.g., a weekday off), the child will either be cared for at home or at the nursery school from 9:00 a.m. to 5:00 p.m. only.
If you cannot reach an agreement with the nursery school regarding childcare hours, your provisional admission offer may be withdrawn.

4

I understand the conditions and duration of use of the special exception for continued nursery school attendance in the event of the birth of a new child after enrollment. (See “Admission Guidelines to Nursery Schools,” p. 25)

5

Each facility will do its best to accommodate food allergies and other food restrictions. However, if it proves difficult for the facility to provide a safe school lunch, you may be asked to prepare a lunch for your child to bring.

6

After the informal acceptance, a pre-enrollment interview and medical checkup are required before you can start using the service.

7

If you decline the assigned nursery school (including city childcare rooms and home-visit childcare services), you will not be eligible to apply for the Tokyo Metropolitan Government’s babysitter support program.

⑦

City childcare rooms / Home-visit childcare services (common matters)

1

Selections will be made from among those on the waiting list for licensed nursery schools after admission adjustment. If there are more applicants than available spaces, a selection will be made according to the adjustment criteria for certified nursery schools.

2

Since city childcare rooms and home-visit childcare services are measures to address the needs of children on waiting lists, children using these services will remain subject to admission adjustment for licensed nursery schools. You cannot withdraw your application for a certified nursery school while using these services. (If you withdraw your application, you will no longer be able to use these services.)

3

If your child is informally accepted to a licensed nursery school or you decline the acceptance, you will no longer be able to use these services.

4

If you no longer need to apply for the use of city childcare rooms and home-visit childcare services, contact the Admission Information Section.

⑧

City childcare rooms

1

If your child is using a municipal childcare room due to the parent/guardian’s employment and you give birth to another child and will be taking childcare leave after your maternity leave is over, the older child may continue to use the service until the period of use ends (up to the end of the school year).
Note: If you apply for both of your children the following year and are placed on the waiting list, the older child may continue to use the service the following year, but you must return to work regardless of the situation of your younger child.

2

If your child was informally accepted to a licensed nursery school while you are on childcare leave, you must return to work by the end of the month in which the child enters the licensed nursery school.

⑨

Home-visit childcare services

1

If you wish to apply for the home-visit childcare service, please read p. 30-31 of the “Admission Guidelines to Nursery Schools” and the Shibuya City website (QR code on the right) and agree to the details of the service before applying.

I agree to all of the items above.
